

Rifle Scope AK-47 Thermal

Description

Introducing the OEFHZ Rifle Scope AK47 Thermal, a cutting-edge tool for superior vision in any environment. Its advanced technology ensures clear imaging and video with a resolution of 384x288. With manual diopter regulation and focus mode, personalize your viewing experience. Enjoy expansive coverage with a wide field angle of 105° to 5.7° and accurate distance measurement up to 2188m. Adapt to any condition with multiple color modes and operate effectively in low light. Store images and videos with the built-in 16G EMMC. Versatile for hunting, surveillance, or recreation, with a ranging range of 10m to 1500m. Convenient USB interface for charging and data transfer. Elevate your clarity and precision with the OEFHZ Rifle Scope AK47 Thermal.

Product Specification

- **Model:** OEFHZ-TI-18L
- **Laser Type:** N/A
- **Detector Type:** Focal Plane Array
- **Display Screen Type:** OLED
- **Resolution Ratio:** 384x288
- **Field Angle:** 105° to 5.7°
- **Diopter Regulation:** Manual
- **Focus Mode:** Manual
- **Perception Distance:** 826m to 2188m
- **Distance Measurement Accuracy (Building):** <400m: ±1m, >400m: +0.4%
- **NETD:** <40mk @ 25°C, F/1.0
- **Modes:** White Hot, Black Hot, Fire Hot, Rainbow, Iron Red, Cold Color Modes
- **Built-in:** 16G EMMC
- **Image/Video Format:** JPG/MP4
- **Ranging Range (Building):** 10m to 1500m
- **USB Interface:** Charging/Export Image and Video
