

AAS- Body Worn Camera

Description

Introducing the AAS Body Worn Camera, your reliable partner for capturing high-quality video in any situation. With one-touch recording and instant playback, it's easy to use. The 1296P resolution ensures clarity, while a 1.8m drop test and IP65 water resistance provide durability. The 2-inch LCD screen and 120° wide-angle lens offer comprehensive coverage. Enjoy up to 6 hours of recording time and 32GB storage. Night vision, a 3000mAh battery, and weatherproofing ensure performance in any condition. Compact and lightweight, with password protection for security. With USB 2.0, flash light, LED indicators, and optional HDMI, it offers versatile connectivity. Perfect for law enforcement, security professionals, and outdoor enthusiasts alike.
