

Search light (Dragon Light)

Description

Introducing our advanced Hand Held Search Light, featuring a powerful 55W Halogen lamp and a 101-125mm diameter for enhanced visibility. Built with durable ABS housing, it withstands impacts and water, ensuring reliability in various environments. Equipped with a Sealed Maintenance Free (SMF) 7AH battery and 12V voltage, it guarantees consistent performance. Its narrow beam angle of up to 4 degrees offers precise illumination, while toughened, scratch-resistant front glass ensures clarity. With a one-hand switch and ≥ 5 hours of continuous operation at maximum lumen output, it's user-friendly and dependable. Included accessories like a battery charger with cable and provision for a lanyard/strap add convenience. Weighing just 3.8kg (max.) with the SMF Lead Acid battery, it's portable yet powerful. Delivering 1000 LUX at 100 meters and an effective search distance of ≥ 400 meters, it's perfect for various applications. With continuous lamp dimming and an operating temperature range of 5°C to $+55^{\circ}\text{C}$, it adapts to diverse conditions.
