

Search Light AASPL-100W-SL

Description

Introducing the Search Light AASPL-100W-SL, a robust and reliable companion for your outdoor adventures. Crafted from high-strength ABS plaster in a striking golden and black colorway, this rechargeable handheld torch offers versatility with 5 operation modes: HIGH, MEDIUM, FLASH, SOS, ensuring you're prepared for any situation. Boasting a potent 15-watt LED power and a large parabolic reflector, it emits a brilliant 1600 lumens of cool white light, illuminating distances of up to 1 km. Powered by a high-performance 10800 mAh lithium battery, enjoy up to 16 hours of uninterrupted use, with the convenience of two battery chargers included. With a light path distance of 1000 meters and water resistance, it's suitable for all environments. Offering adjustable runtime of 20 hours, it weighs just 500 grams and measures 4x18.5x8.5 cm, making it compact and portable. Experience unparalleled illumination and reliability with the Search Light AASPL-100W-SL.

Product Specification

- **Material:** High strength weight ABS plaster
- **Colour:** Golden & Black
- **Light modes:** Rechargeable hand held torch with 5 operation modes, i.e. HIGH MEDIUM-FLASH-SOS
- **LED power:** Featuring a high power 15 watt coupled with a big parabolic reflector, this high rechargeable torch offers unmatched luminto 1600 lumens of clean cool white focus light with range visibility of up to 1 km.
- **Battery power:** Powering the LED is a performance 10800 mAh, 3.7V lithium which offers a battery backup of up to 16hrs package comes with 2 battery chargers
- **Light Path Distance:** 1000 Metres
- **Water Resistance :** Yes
- **Luminous Flux:** 500 Lumen
- **Adjustable Runtime:** 20 Hours
- **Wattage:**100W
- **Rated Current:** 500mAh
- **Charging Time:** 8 hrs
- **Rated Voltage:** 5V
- **Using time:** 15 to 20 hrs
- **Dimension in cm:** Height: 4 Centimeters,Length:18.5 Centimetres, Width: 8.5
- **Weight:** 500 grams
