

NV 3000 Plus Digital Binocular

Description

The NV 3000 plus Night Vision is a state-of-the-art night vision device engineered to deliver unparalleled performance in low-light conditions. Designed for enthusiasts and professionals alike, this device integrates advanced optics with high-quality image intensifier tubes to provide exceptionally clear and detailed views even in complete darkness.

The NV 3000 plus boasts a rugged, weather-resistant design that stands up to harsh environments, making it ideal for a range of outdoor activities, including hunting, wildlife observation, and security surveillance. Its durable construction ensures reliability and longevity, even in challenging conditions.

Overall, the NV 3000 plus Night Vision combines cutting-edge technology with practical features to offer a powerful tool for nighttime observation.

Product Specification

- **Make:** Rongland
- **Model:** NV 3000 Plus
- **Magnification:** 900 Meter
- **Digital Zoom:** 9X
- **Angle of View:** 8.5°
- **Objective Aperture:** 35mm
- **Exit Pupil Distance:** 20mm
- **Lens Aperture:** f1.2
- **IR Led Zoom:** 9x 500m~2m~∞ in day time
- **Imagery:** OSD menu display , 3.5inl TFT LCD
- **Image Quality:** 3200X1800
- **Image Sensor:** Resolution 1280x720
- **TF Card Support:** SDHC 8GB-256GB TF Card
- **Function:** Taking Pictures, Video/The Recording, Playback
- **Water Proofing:** Yes
